

AQUATICS DIRECTOR

Job Description: The Aquatics Director oversees all activities and operations of the swimming pool. This role is imperative in ensuring the safety of everyone who uses the pool, and generally in organizing programming that helps swimmers to make the most out of their experience. The Aquatics Director manages a team of 1-2 lifeguards; these staff members work together at the beginning of the summer to create a rotating schedule of shifts that ensures visitors to the pool remain under constant supervision. The Aquatics Director is a crucial bridge of communication-between Shop Heads, Guidance Counselors, Evening Activities Organizers, and the larger Pool staff-for the planning and execution of these activities. Furthermore, this position helps to coordinate and delegate the teaching of swim lessons for interested campers and/or staff.
